(Note: Report results of multiple completion or zone change on Form 9-330.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Getty Oil Company is anticipating ratification in early 1981 of a statutory Unitization (which has been approved by NMOCD). This will facilitate negotiating a lease line agreement so that water injection can begin. Therefore, we are asking that the approval of Temporary Abandonment be extended.

This approval of temporary abandonment expires JUN 1 1981
