Gentlemen:

This is to advise that on November 23, 1982 the Sun Oil Company's Courtland Meyers #1 Csg. - Jalmat gas well located in Unit J of Section 6, Township 24S, Range 37E, Lea County, New Mexico was disconnected from El Paso Natural Gas Company's gathering system. This meter will remain on location temporarily, but inoperative, until permanent status of the measuring arrangement is determined.

This disconnection was due to advise from the operator that a replacement well has been drilled. The replacement well is the Courtland Meyers #9, Jalmat gas, which was connected to El Paso's system on October 15, 1982. Meter #60-537-01

Yours truly,
