

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS REPORTS ON WELL

Submit this report in triplicate to the Oil Conservation Commission or its proper agent within ten days after the work specified is completed. It should be signed and sworn to before a notary public for reports on beginning drilling operations, results of shooting well, results of test of casing shut-offs, result of plugging of well, and other important operations, even though the work was witnessed by an agent of the commission. Reports on minor operations need not be signed and sworn to before a notary public. See additional instructions in the Rules and Regulations of the Commission.

Indicate nature of report by checking below:

REPORT ON BEGINNING DRILLING OPERATIONS		REPORT ON REPAIRING WELL	X
REPORT ON RESULT OF SHOOTING OR CHEMICAL TREATMENT OF WELL		REPORT ON PULLING OR OTHERWISE ALTERING CASING

1. The first part of the report discusses the importance of maintaining accurate records of all transactions. It emphasizes that proper record-keeping is essential for the transparency and accountability of the organization. The report also highlights the need for regular audits to ensure that the records are up-to-date and accurate.

2. The second part of the report focuses on the financial aspects of the organization. It provides a detailed analysis of the current financial position, including a breakdown of income and expenses. The report also identifies areas where costs can be reduced and suggests strategies for increasing revenue. The financial data is presented in a clear and concise manner, making it easy for stakeholders to understand the organization's financial health.

3. The third part of the report discusses the operational aspects of the organization. It provides a detailed overview of the current operations, including a description of the various departments and their functions. The report also identifies areas where operational efficiency can be improved and suggests strategies for streamlining processes. The operational data is presented in a clear and concise manner, making it easy for stakeholders to understand the organization's operational performance.

4. The fourth part of the report discusses the future of the organization. It provides a detailed overview of the organization's strategic vision and goals, and outlines the steps that will be taken to achieve them. The report also identifies potential risks and challenges that the organization may face in the future and suggests strategies for mitigating them. The future-oriented data is presented in a clear and concise manner, making it easy for stakeholders to understand the organization's long-term prospects.
