Mr. Phil Yeckel
King, Warren and Dye
Box 270
Midland, Texas

Dear Mr. Yeckel:

I am returning to you Form C-110 on your Toby #2 Well in Section 7, Township 24-8, Range 37-E.

I am sorry that this can not be approved with the remark "Form C-106 filed April 14, 1940" on it, as this is the first time there has been any production from this well.

You understand, of course, that Form C-106 was formerly the notice to connect with pipe line or authorization to transport oil and there would have been no reason whatsoever to have filed a Form C-106 on this well.

Will you please file another C-110 with us leaving out any remarks except those concerning pipe line connections at the present time.

Very truly yours,

Oil Conservation Commission
