4. That a diagrammatic sketch showing the present method of completion and the present producing intervals is hereto attached.
5. That the present dual completion is both practical and feasible in that effective segregation has been indicated since completion.
6. That the granting of this application for permission to produce this well as a dual completion is in the interest of conservation and the protection of correlative rights.
7. That the above described acreage is within the horizontal limits of the Jallet Gas Pool, and by virtue of its production and offset production can be assumed to be productive of gas.
8. That all lands described above, and contained within the limits of the proposed proration unit, are contiguous and lie within the limits of a single legal subdivision (section) of the U. S. Public Land Survey.
9. That a plat showing the above described lands and all offset properties indicating well locations and lease ownership to the best of our knowledge is hereto attached.
10. That all offset operators are hereby notified by a copy of this application.

WHEREFORE, the petitioner requests that, in the interest of conservation and protection of correlative rights, the Secretary of the Commission grant an order pursuant to Rule 112-A, Order No. R-316, and Rule 3(a), Order No. R-520 by which the petitioner may produce their S. E. Toby Well No. 1 as a dual completion in the manner described above and may establish a non-standard, 80 acre gas proration unit.

I hereby certify that the information given above is true and complete to the best of my knowledge.

Respectfully submitted,
