work) SEE RULE 1103.

On October 30, 1974, the New Mexico Oil Conservation Commission approved temporary abandonment of this well until October 1, 1975. The well was temporarily abandoned at an unknown date by the former operator as being uneconomical to operate, prior to unitization into the Myers Langlis-Mattix Unit 2-1-75. Present plans are to place the well in an active operating status in the first or second quarter of 1976. Skelly Oil Company respectfully requests that a one year extension to temporarily abaudon this well be granted administratively per BMOCC Order No. 2-3019. Water injection is presently being expanded on this unit.

Inpires 10-1-76

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
