OIL CONSERVATION COMMISSION,

By Roy FarboroughTitle OIL & GAS INSPECTOR

1. The first step in the process of the scientific method is to ask a question.

2. The second step is to do background research.

3. The third step is to form a hypothesis.

4. The fourth step is to test the hypothesis by conducting an experiment. The fifth step is to analyze the data and draw a conclusion. The sixth step is to communicate the results.

5. The seventh step is to repeat the experiment to see if the results are consistent. The eighth step is to publish the results.

6. The ninth step is to have other scientists replicate the experiment. The tenth step is to have the results peer-reviewed.

7. The eleventh step is to have the results accepted by the scientific community. The twelfth step is to use the results to develop a theory.

8. The thirteenth step is to use the theory to make predictions. The fourteenth step is to test the predictions.

9. The fifteenth step is to refine the theory. The sixteenth step is to use the theory to solve problems.

10. The seventeenth step is to use the theory to develop new technologies. The eighteenth step is to use the theory to improve our understanding of the world.

11. The nineteenth step is to use the theory to make discoveries. The twentieth step is to use the theory to create new knowledge.

12. The twenty-first step is to use the theory to change the way we live. The twenty-second step is to use the theory to improve the world.

13. The twenty-third step is to use the theory to make the world a better place. The twenty-fourth step is to use the theory to create a better future.

14. The twenty-fifth step is to use the theory to make the world a better place. The twenty-sixth step is to use the theory to create a better future.

15. The twenty-seventh step is to use the theory to make the world a better place. The twenty-eighth step is to use the theory to create a better future.

16. The twenty-ninth step is to use the theory to make the world a better place. The thirtieth step is to use the theory to create a better future.

17. The thirty-first step is to use the theory to make the world a better place. The thirty-second step is to use the theory to create a better future.

18. The thirty-third step is to use the theory to make the world a better place. The thirty-fourth step is to use the theory to create a better future.

19. The thirty-fifth step is to use the theory to make the world a better place. The thirty-sixth step is to use the theory to create a better future.

20. The thirty-seventh step is to use the theory to make the world a better place. The thirty-eighth step is to use the theory to create a better future.

21. The thirty-ninth step is to use the theory to make the world a better place. The fortieth step is to use the theory to create a better future.

22. The forty-first step is to use the theory to make the world a better place. The forty-second step is to use the theory to create a better future.

23. The forty-third step is to use the theory to make the world a better place. The forty-fourth step is to use the theory to create a better future.
