

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

NOTICE OF INTENTION TO DRILL

Notice must be given to the Oil Conservation Commission or its proper agent and approval obtained before drilling begins. If changes in the proposed plan are considered advisable, a copy of this notice showing such changes will be returned to the sender. Submit this notice in triplicate. One copy will be returned following approval. See additional instructions in Rules and Regulations of the Commission.

Dallas, Texas

September 29, 1939

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.
Gentlemen:

You are hereby notified that it is our intention to commence the drilling of a well to be known as

J. M. Rush

Mattix B-10

Well No. 1

Center

Company or Operator

of Sec. 10, T. 24-S

R. 37-E

Lease

Mattix

Field, Lea

SW/4 NW/4

N.

The well is 660 feet (N) (S.) of the North line and 660 feet

(W.) of the East line of SW/4 of NW/4

(Give location from section or other legal subdivision lines. Cross out wrong directions.)

If state land the oil and gas lease is No. _____, Assignment No. _____

If patented land the owner is _____

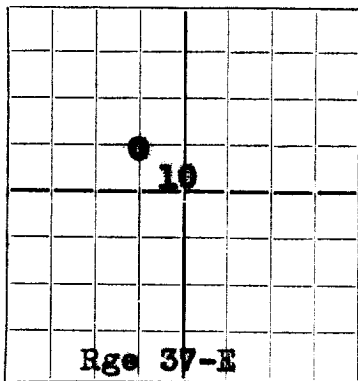

Address _____

If government land the permittee is G. H. Mattix

Address Amarillo, Texas

The lessee is _____

Address _____

AREA 640 ACRES
LOCATE WELL CORRECTLY

We propose to drill well with drilling equipment as follows: Rotary

The status of a bond for this well in conformance with Rule 39 of the General Rules and Regulations of the Commission is as follows: Bond previously filed.

We propose to use the following strings of casing and to land or cement them as indicated:

Size of Hole	Size of Casing	Weight Per Foot	New or Second Hand	Depth	Landed or Cemented	Sacks Cement
12 1/2	10 3/4	30#	New	150	Cemented	150
9 7/8	7	22#	New	3300	Cemented	400

If changes in the above plan become advisable we will notify you before cementing or landing casing. We estimate that the first productive oil or gas sand should occur at a depth of about 3450 feet.

Additional information:

OCT 4 - 1939

Approved _____, 19____
except as follows:

Sincerely yours,

J. M. Rush

Company or Operator

By

Position Agent

Send communication regarding well to

Name J. M. Rush

Address 1202 Kirby Bldg., Dallas, Texas

THE HISTORY OF THE UNITED STATES

CHAPTER I. THE DISCOVERY OF THE COUNTRY

The first discovery of the continent of North America was made by Christopher Columbus in 1492. He sailed from Spain in August, and after a long and dangerous voyage, he reached the island of San Salvador in the month of September. He then sailed on to other islands, and finally reached the mainland of North America in October.

Columbus's discovery of the New World was a great event in the history of the world. It opened up a new era of exploration and discovery, and it led to the settlement of the continent by Europeans.

After Columbus's discovery, many other explorers came to the New World. They included John Cabot, who sailed for England in 1497, and Amerigo Vesputi, who sailed for Italy in 1498.

17

The first settlement of the continent was made by the Spaniards. They founded the city of St. Augustine in 1565, and it became the first permanent European settlement in the United States. The Spaniards also founded other settlements, and they began to explore the interior of the continent.

The English also came to the New World. They founded the colony of Jamestown in 1607, and it became the first permanent English settlement in the United States. The English also founded other colonies, and they began to explore the interior of the continent.

The French also came to the New World. They founded the colony of Quebec in 1608, and it became the first permanent French settlement in the United States. The French also founded other colonies, and they began to explore the interior of the continent.

The Dutch also came to the New World. They founded the colony of New Amsterdam in 1614, and it became the first permanent Dutch settlement in the United States.

The Swedes also came to the New World. They founded the colony of New Sweden in 1638, and it became the first permanent Swedish settlement in the United States.

The Dutch also founded the colony of New York in 1614, and it became the first permanent Dutch settlement in the United States.

The English also founded the colony of Massachusetts in 1630, and it became the first permanent English settlement in the United States. The English also founded other colonies, and they began to explore the interior of the continent.

The French also founded the colony of Louisiana in 1682, and it became the first permanent French settlement in the United States. The French also founded other colonies, and they began to explore the interior of the continent.

The Spanish also founded the colony of Florida in 1565, and it became the first permanent Spanish settlement in the United States. The Spanish also founded other colonies, and they began to explore the interior of the continent.

The Dutch also founded the colony of New Jersey in 1614, and it became the first permanent Dutch settlement in the United States. The Dutch also founded other colonies, and they began to explore the interior of the continent.

The English also founded the colony of Virginia in 1607, and it became the first permanent English settlement in the United States. The English also founded other colonies, and they began to explore the interior of the continent.

The French also founded the colony of Canada in 1608, and it became the first permanent French settlement in the United States. The French also founded other colonies, and they began to explore the interior of the continent.

The Dutch also founded the colony of New York in 1614, and it became the first permanent Dutch settlement in the United States. The Dutch also founded other colonies, and they began to explore the interior of the continent.

The English also founded the colony of Massachusetts in 1630, and it became the first permanent English settlement in the United States. The English also founded other colonies, and they began to explore the interior of the continent.

The French also founded the colony of Louisiana in 1682, and it became the first permanent French settlement in the United States. The French also founded other colonies, and they began to explore the interior of the continent.

The Spanish also founded the colony of Florida in 1565, and it became the first permanent Spanish settlement in the United States. The Spanish also founded other colonies, and they began to explore the interior of the continent.

The Dutch also founded the colony of New Jersey in 1614, and it became the first permanent Dutch settlement in the United States. The Dutch also founded other colonies, and they began to explore the interior of the continent.

The English also founded the colony of Virginia in 1607, and it became the first permanent English settlement in the United States. The English also founded other colonies, and they began to explore the interior of the continent.

The French also founded the colony of Canada in 1608, and it became the first permanent French settlement in the United States. The French also founded other colonies, and they began to explore the interior of the continent.

The Dutch also founded the colony of New York in 1614, and it became the first permanent Dutch settlement in the United States. The Dutch also founded other colonies, and they began to explore the interior of the continent.

The English also founded the colony of Massachusetts in 1630, and it became the first permanent English settlement in the United States. The English also founded other colonies, and they began to explore the interior of the continent.
