

NEW MEXICO OIL CONSERVATION COMMISSION

Santa Fe, New Mexico

MISCELLANEOUS NOTICES

MAY 8 - 1945

Submit this notice in triplicate to the Oil Conservation Commission or its proper agent before the work specified is to begin. A copy will be returned to the sender on which will be given the approval, with any modifications considered advisable, or the rejection by the Commission or agent, of the plan submitted. The plan as approved should be followed, and work should not begin until approval is obtained. See additional instructions in the Rules and Regulations of the Commission.

Place

Date

OIL CONSERVATION COMMISSION,
Santa Fe, New Mexico.

Gentlemen:

Following is a notice of intention to do certain work as described below at the

J. C. Watson Drilling Co. Fowler-Hair
Company or Operator Lease Well No. 4 in NE 1/4 NW 1/4
of Sec. 14, T. 24 S., R. 37E, N. M. P. M., Langlie-Mabbix Field,
Lea County.

FULL DETAILS OF PROPOSED PLAN OF WORK

FOLLOW INSTRUCTIONS IN THE RULES AND REGULATIONS OF THE COMMISSION

The above well was drilled to 3645'. The formation carrying oil in the Fowler-Hair wells No. 1, 2 & 3 was dry. Water was encountered at 3645'. We propose to plug off water in bottom of hole with lead wool and cement and test water shut off. Then fill hole with mud to base of salt, approximately 2500 feet, and put in 15 sacks of cement. We will then fill with mud to the base of the 8 5/8" casing set at 1290' 8" and put in another 15 sacks of cement. After pulling what we can of the 8 5/8" casing we will fill hole to surface with mud, set proper marker and clean up location.

Approved MAY 8 1945, 19____
