Approval to drill this well was originally granted on October 17, 1972; a six months extension on the permit was granted on January 5, 1973; therefore, the permit would normally expire on July 17, 1973. We respectfully request that this permit be extended for an additional six (6) months so that we may further evaluate the presently completed wells in this field, with the permit to expire on January 17, 1974.
