Hobbs, New Mexico

Attention: Mr. Joe D. Ramey
Supervisor, District 1

Dear Mr. Ramey;

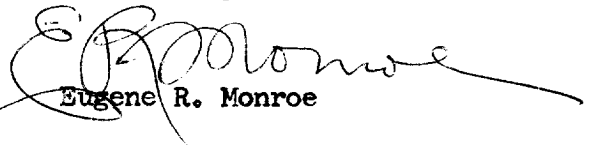

We refer to your letter of May 7, 1975 requesting more information on the plugging of the Dalport Hair well in Lea County, New Mexico.

We purchased this well from McCollough Oil of Calif. for the purpose of casing recovery and have not been able to contact any one in their offices that can give us all the information you have requested on Form # C-105. The info we have furnished has come from the drilling contractor which we hope is satisfactory for your purposes.

As the well was not produced and not expected to produce we apparantly have destroyed what files we had on this well as they could be of no use to us as for as plugging is concerned,

If we can be of further assistance please let us know.

Yours truly

Eugene R. Monroe
