New Mexico Oil Conservation Commission P. O. Box 2088 Santa Fe, New Mexico 87501

Gentlemen:

Application is hereby made on behalf of Sam D. Ares for administrative approval of an 80-acre non-standard Jalmat Gas Proration Unit to Comprise the E/2 SE/4 of Section 35, Township 24 South, Range 36 East, to be dedicated to the Cities Service Federal No. 4, located 990 feet from the South line and 330 feet from the East line of said Section 35. Application is also made for approval of the unorthodox location of the Cities Service Federal No. 4.

The subject well was completed December 6, 1975 as a Jalmat oil well. Oil production declined after remedial work performed during November 1976 to such an extent that the current gas-oil ratio is 260,000 cubic feet per barrel of oil.

Attached is a plat showing the Gities Service Federal lease and the offset operators. Cities Service Federal No. 2 shown on the plat was temporarily abandoned January 1, 1977. Offset operators have been furnished a copy of this application and plat by certified mail.

Yours very truly,

OIL REPORTS AND GAS SERVICES, INC.

(Mrs.) Donna Holler
