

Proposed Development Plan for Surface Use

Amoco Production Company's South Mattix Unit Federal #27,

Unit F, Sec. 15, T-24-S, R-37-E

This plan is an attachment to "Application for Permit to Drill" and is a discussion of the possible effects the drilling of this well/wells might have on the environment. A copy will be posted on the derrick floor so that all contractors and sub-contractors will be aware of all items of this plan.

1. Existing roads including location of exit from main highway.

Location is approximately 15 miles south of Eunice, New Mexico

2. Planned access roads. (Width, maximum grade, turnout, drainage design, location and size of culverts and surfacing material, where fences will be cut, and where gates or cattleguard will be used.) (See Exhibit B)

None

3. Location of existing wells. (See Exhibit B)
(2-Mile radius for exploratory wells; 1-Mile radius for development wells)
