Gentlemen:

In regard to your letter of May 17, 1978, we are currently reevaluating our plans to drill the Santa Fe No.6 located in Unit 0 of Section 33, T-9-S, R-37-E. We are therefore withholding our amended C-102 at this time.

Please disregard our C-101 presently on file with your office. We will resubmit our C-101, along with a properly certified C-102, at a later date. Thank you for your assistance in this matter.

Yours very truly,

Monica H. Williamson
