Re: Cal-Mon State Well No. 1
1980/S & 660/E Unit I
Section 8, T-14-S, R-36-E
Lea County, New Mexico

Gentlemen:

Division Order No. 5945, which approved compulsory pooling for the East half of Section 8, T-14-S, R-36-E, to be dedicated to the subject well, was to become null and void unless drilling of the well was commenced by June 15, 1979, or an extension of time was obtained from the Division.

Since this office has no record of either of the above having been done, Form C-101, Notice of Intent to Drill, for the subject well is hereby cancelled and no drilling operations are to be initiated without further notice to and approval by the Oil Conservation Division. Pending such approval, this will be considered an abandoned location.

Yours very truly,

OIL CONSERVATION DIVISION
