Gentlemen:

Returned herewith is our approved copy of Application to Drill for your No. 1Y Llano "B" Federal well, located in the SW $\frac{1}{4}$ SE $\frac{1}{4}$  sec. 7, T. 19 S., R. 32 E., on Federal lease NM 23008. Approval to drill this well is hereby rescinded at your request.

The Bureau of Land Management will be advised that neither this well nor your No. 1 Llano "B" Federal well qualified lease NM 23008 for a two year extension by drilling. Also, you are advised that our records indicate that the No. 1 Llano "B" was not completely plugged. You should place a 15 sack cement plug inside the 13-3/8" casing at the surface. A regulation dry hole marker should be installed.

Sincerely yours,
