Re: Reclassification of Wells in the Jalmat Pool
H. S. Record #2-E Sec. 22, T22S, R36E
Watkins #3-A Sec. 35, T24S, R36E

Gentlemen:

Due to the recently submitted gas/oil ratio tests for the above-referenced wells, they will be reclassified as gas wells effective July 1, 1989, and the oil allowable will be cancelled that date.

If for some reason you feel this test does not reflect the proper classification of these wells please submit another test for our consideration as soon as possible.

If the wells are to be reclassified to gas they must meet all the requirements of a gas well in the Jalmat pool as outlined in R-8170 for the Jalmat Pool.

Very truly yours,

OIL CONSERVATION DIVISION

Jerry Sexton
Supervisor, District I
