Hobbs, New Mexico**

Attention: Jerry Sexton, Supervisor - District 1

File: KWB-WF

Gentlemen:

**Pressure Test Charts
South Mattix Federal Unit Well Nos. 41,42,43, & 44
Fowler Upper Yeso Pool
Sec. 15, T-24S, R-37E
Lea County, New Mexico**

Reference your letter of October 7, 1992, requesting pressure test charts on subject wells. These wells were tested when they were completed. The charts for three of these wells have been lost. The chart for well number 41 was sent to the Bureau of Land Management. We have attached a copy of this chart for your records.

It will be necessary for us to re-test the remaining three wells since the charts were lost. This work will be done in the near future and the original charts forwarded to your office.

If additional information is required, please contact Howard Black at (713) 584-7213.

Sincerely yours,

K.W. Brand
