Attn: Jerry Hoover

RE: Comanche '8' State Well #1
Unit 0, Sec. 8, T21S, R33E

Gentlemen:

This will confirm my conversation of this date with Jerry Hoover of your office concerning the proposed casing program for the above-referenced well.

Since this well is in the potash area you will be required to amend your casing program to conform with casing requirements as set out in R-111-P. If you want exception to this requirement, I recommend you ask that this matter be set for hearing.

Very truly yours,

OIL CONSERVATION DIVISION
