

GUIDELINES FOR PROCESSING APD FOR WELL IN POTASH AREA -- F 1-P

BLM approves federal wells in potash area so we do not have to worry about this.

STATE & FEE LEASES

Post to map and if within the potash area outlined on map or within 1 mile of that area do the following:

- 1) Make certain operator has filed a plat of the area showing the potash lessees for the area where the well is located as well as the 1-mile radius referred to.
- 2) Make certain operator has notified all of the potash lessees by certified mail of the APD. They must send copy of delivery notice to us since 20-day waiting period starts from delivery date.

- 3) Send letter to BLM and SLO advising them of this APD and request they advise if this location is within LMR or buffer zone.

BUFFER ZONE -- shallow well is 1/4 mile of LMR
-- deep well is 1/2 mile of LMR

- 4) If application is within LMR or buffer zone you must DENY it under R-111-P unless, there is a mutual agreement of lessor and lessees of oil & gas and potash interests. Copy of this agreement must be submitted with APD.
- 5) If application is outside LMR or buffer zone and no objection is received within 20 days from date of receipt by potash lessees of certified notice, the APD may be approved.

Dear Mr. Sexton:

State Permit to D&E Comanche State 8 No. 2
Location in Order R-111-P "known potash leasing area"

A search of BLM and SLO records in Santa Fe pertaining to Potash Leases within a mile radius of this proposed well has been conducted, since this is the notification area required by Order R-111-P. This search determined that there are only two current potash leasees within this one mile radius. These leasees are:

Mississippi Chemical Corp.
P.O. Box 388
Yazoo City, MS 39194

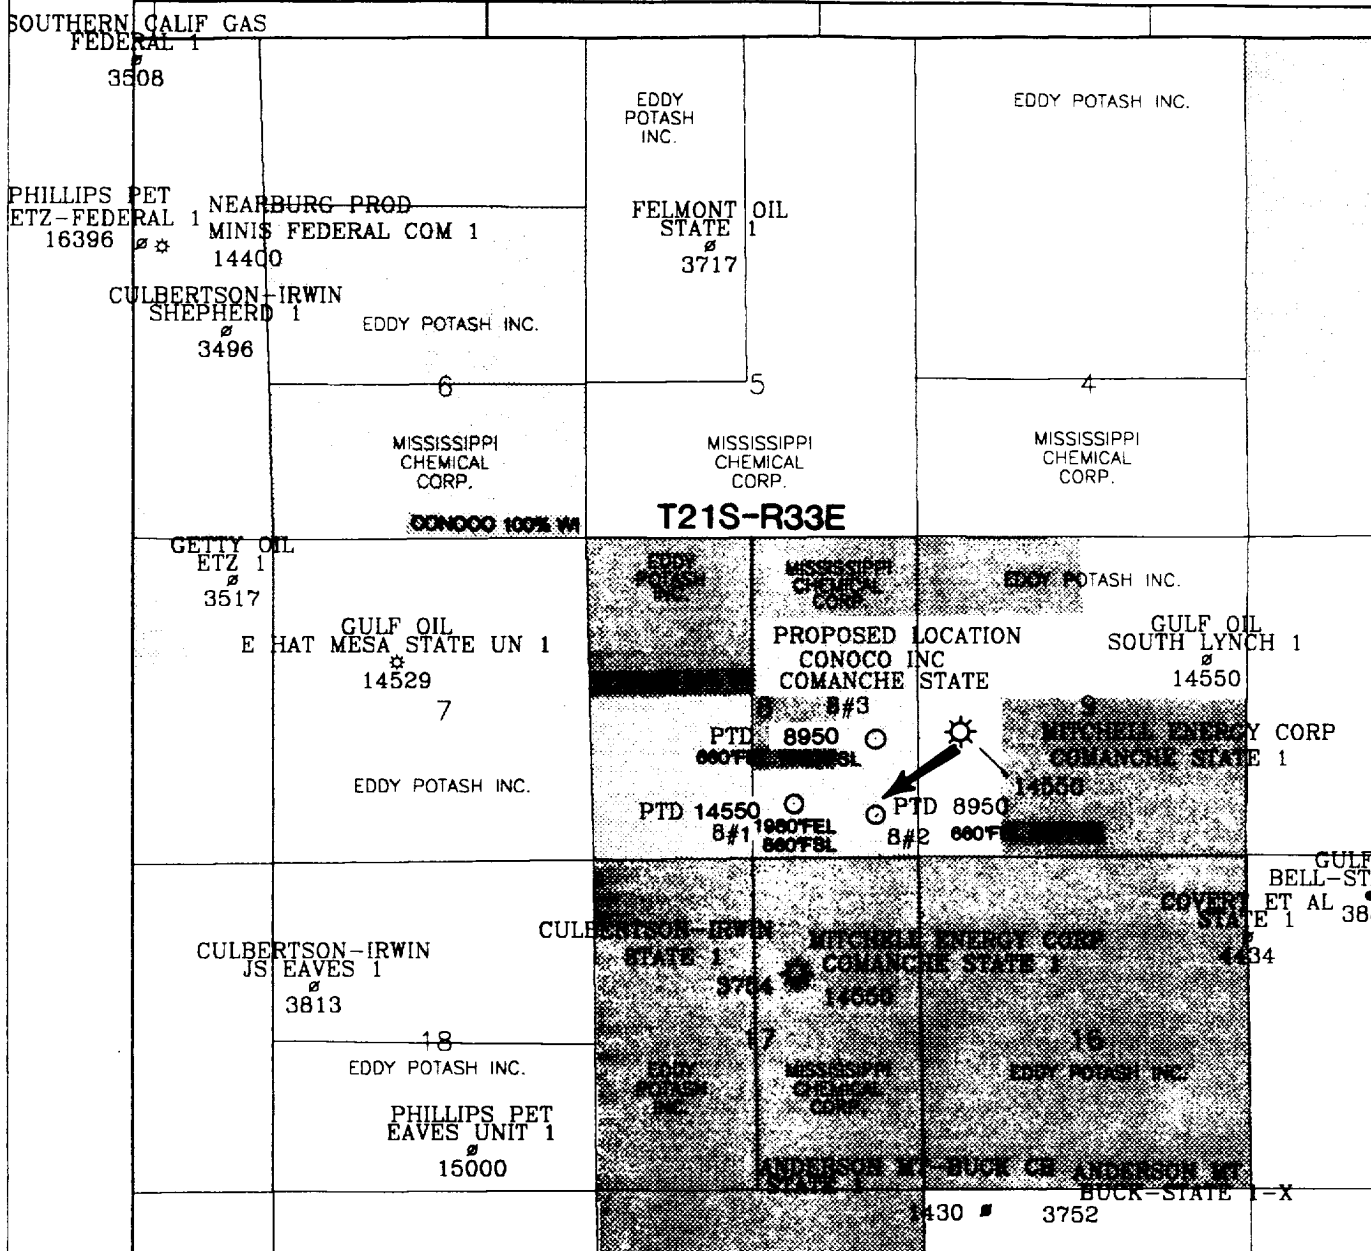

Eddy Potash Inc.
P.O. Box 31
Carlsbad, NM 88220

The locations of these potash leasees are noted on the enclosed map and copy of this APD has also been sent by registered mail to both. As soon as the returned "green" card has been received a copy will be sent to you and the other recipients of the APD.

It is our assumption that if you do not receive an objection from either of the above potash leasees within 20 days of their receipt of this APD that NMOCD approval of this application may be secured. If you require any further information, please contact me at (915) 686-6548. Thank you.

Very truly yours,

D&E Comanche State 8 No. 2, Sec. 8, T-21S, R-33E
D&E Comanche State 8 No. 3, Sec. 8, T-21S, R-33E

On October 2, 1992 we mailed the APD's for these three proposed wells in the "known potash leasing area" to you. The two potash lessees in the area of these wells, Eddy Potash Inc. and Mississippi Chemical Corp., were notified by registered mail of these applications on the same date. Receipts from these registered mailings are attached, showing that the Mississippi Chemical Corp. received them on October 5 and Eddy Potash, Inc. on October 7.

Also attached is a copy of a waiver from Eddy Potash, Inc. The 20-day response period for Mississippi Chemical Corp. should have expired October 25. If you have received no objections it would appear that these applications should be subject to approval. If there are any other questions or requirements concerning their approval please let me know.
