Midland, TX 79710

Gentlemen:

Your Application for Permit to Drill (APD), approved August 3, 1994 for the Little Jack "30" Fed Well No. 7, located 660 feet PSL and 2485 feet FEL, Section 30, T. 23 S., R. 32 E., Lea County, New Mexico, Lease No. NM-86927, has expired because drilling has not commenced within one year of the approval date as stated in the General Requirements for Oil and Gas Operations on Federal Leases as well as the lease expired on June 30, 1994.

If drilling operations have commenced on the referenced well, please contact this office at (505) 887-6544 and send all necessary reports (spud, casing/cementing, etc., 1 original and 5 copies) so we may correct our records.

If the well has not been spudded, but site construction activities have occurred, please contact this office at the above telephone number for surface reclamation instructions.

If you wish to drill this well at a later date, please submit a complete application (1 original and 5 copies). Since the original APD has expired, the resubmitted APD will be subject to all the processing requirements including the 30-day posting requirement. Please note on the resubmitted APD that it was previously approved and we will review the expired file for information which will help expedite the processing.

Sincerely,

Orig. Signed by Richard L. Manus
